2	I am very aware of the role, but I am concerned that the rest of the college community is not actively seeking out student participation. Rather, it is a formality and not a substantive part of the governing process.	3/31/2014 2:20 PM

2	To me this question is asking about vision and how to carry that out. I do not see our campus meeting our students where they are and I do not see faculty actively seeking professional development opportunities in strategies to support our population. Management could do 100% better in facilitating this discussion.	3/31/2014 2:20 PM

2	I do not know what the campus direction is, other than accreditation and what appears to be a perpetual tightening of the belt. I assume this is not the message that this administration wants to convey, but it is conveyed nonetheless.	3/31/2014 2:20 PM

1	I am aware, but this information is not being shared with the campus community and the workings and direction of each committee should be better explained and shared.	3/31/2014 2:20 PM
