Interim President’s Message

Since opening its doors in 1949, Contra Costa College has provided exemplary educational services as the only institution of higher learning in the West Contra Costa County area.

I am proud to present our five-year strategic plan. In developing this plan, the college reflected on its past, studied the current and projected state of its environment, and envisioned how to seize opportunities afforded in a time of monumental change. We were fortunate to experience exceptional involvement by our internal college community, including students, faculty, staff, managers, and Board members, as well as extended stakeholders, including friends, alumni, other educational partners, employers, community members, and future students.

This plan ensures we are on a common path focused on transforming the lives of our students and community and mapping our course to 2020. The title of our plan is “Vision 2020: Equity and Access, Engagement and Achievement, Excellence and Accountability.” As you examine the plan, you will see these themes interlaced throughout our mission, vision, values, and strategic directions. Moving from the planning phase of the Strategic Plan into its implementation phase, we will continue to reflect on these themes and will carry on with our commitment by annually reporting our progress to our community.

Mojdeh Mehdizadeh, Interim President, Contra Costa College

III. Introduction

A. Purpose of the Plan

As Contra Costa College approaches the completion of the new Classroom Building, the Student Activities Building and the Fireside Building, it enters a new and exciting era. It is an era of expanding possibilities and challenges. The opportunity to improve the teaching and learning environment on the campus, made possible by the support of the taxpayers of Contra Costa County, has been greeted with excitement and anticipation among students, staff and faculty.

With infrastructural change comes institutional change, and Contra Costa College has embraced the opportunity to revisit, reinvent and redesign its policies, processes, and procedures, envisioning an era of transformational change and rededication to effectively serving the needs of its students and community. The strategic plan documents Contra Costa College’s commitment to its mission, vision and core values; provides clear, shared directions for action; ensures the fulfillment of strategic directions and objectives; provides the opportunity for teamwork and collaboration; and facilitates currency, relevance and accountability.

B. District Strategic Planning Process

The Contra Costa Community College District’s strategic plan for 2014-2019 was developed as a communitywide effort, drawing together ideas from District leaders and governing bodies; leaders and representative from the District’s three community colleges; and individual administrators, faculty, staff, and students throughout the District community.

The planning process was launched in fall 2013 with two Districtwide charrettes* that took place over half-days in October and November. These charrettes provided participants an opportunity to thoughtfully review the most recent District strategic plan; reflect on the state of the District, its students, and the communities it serves; and identify District priorities for the next four years. In addition, the charrettes enabled administrators, faculty, staff, and students from all
parts of the District to interact with one another and generate fresh ideas informed by diverse perspectives.

Following each charrette, the main discussion points, questions, and conclusions were summarized and posted online for the entire college community to review and provide comment on the dialogue. Drawing from charrettes and subsequent feedback, a draft of the mission statement, vision statement, values, and strategic directions that would anchor the new strategic plan were developed.

* A collaborative session in which a group of designers draft a solution to a design problem.

C. **College Strategic Planning Process**

During the 2012-13 academic year, the College embarked on an exhaustive and inclusive process that led to the revision of its mission statement and the reaffirmation of its vision and values statements. During the 2013-14 academic year, the College prepared its Accreditation Self-Study and joined with its sister colleges and the District Office to develop the Contra Costa Community College District Strategic Plan 2014-2019.

With the intention of integrating and coordinating the College Strategic Plan with the District Strategic Plan, the College Planning Committee, a shared governance committee, began in fall 2014, with a thorough review of documents and data that would form the core of its new Strategic Plan. The College Planning Committee reviewed the District Strategic Plan, the College’s Employee and Student Satisfaction surveys, surveys on the awareness and effectiveness of college governance, Student Success Scorecard data, equity data, external and internal environmental scans and other data provided by the District Office of Planning and Research. In addition, the committee reviewed the College’s Educational Master Plan, Facilities Master Plan, Equity Plan, Student Success and Support Plan (SSSP), Technology Plan, and other relevant plans.

Beginning in spring 2015, the College Planning Committee began a comprehensive and collaborative process to develop a set of “strategic directions” and “strategic objectives.” The strategic directions and objectives are grounded in institutional, environmental and historical data, incorporating the experiences and wisdom of the entire community the College serves. Our strategies focus the College resources and activities on enhancing the access, engagement, success and achievements of its students through an equity and excellence lens. Members of the College Planning Committee reviewed existing plans and surveys, reviewed applicable data, and met with a broad spectrum of stakeholders, both within and without the local College community, hosting community forums, meeting with potential students from local high schools, attending college committee meetings, consulting with all four college constituency groups and soliciting direct feedback from anyone with an idea that could move the College forward. The process culminated with a campuswide review and presentation to
the College Council for a first read on May 14, 2015, and for a second read and final approval on May 20, 2015. The Contra Costa College Strategic Plan is scheduled for presentation to the Governing Board on June 24, 2015.

The College identified four strategic directions:

1. equitably improve student access, learning and success;
2. strengthen community relationships and partnerships;
3. promote innovation, create a culture of continuous improvement and enhance institutional effectiveness; and
4. utilize resources effectively to support student learning and success.

D. College Integrated Planning

In an integrated planning process, all College planning is part of a functional system unified by a common set of assumptions and well-defined procedures and is dedicated to the continual improvement of institutional effectiveness with the ultimate goal of student learning and success.

Contra Costa College’s planning model directs and demonstrates strategies for this improvement model in an ongoing and systematic cycle of evaluation, integrated planning, resource allocation, implementation, and re-evaluation.
Following is a summary of the integrated planning model.

➢ The College **Mission** describes the College’s intended student population and the services the College promises to provide to the community. The Mission, and the other **Core Values** statements form the basis for the entire planning process.

➢ The College uses these statements to assess its current status and anticipate future challenges in a long-term **Educational Master Plan**.

➢ This long-term plan is the guide to the College’s five-year **Strategic Plan**.

➢ The Strategic Plan guides the array of **Subsidiary Plans** such as the Technology Plan, the Student Success and Support Plan, the Equity Plan, the Distance Education Plan, the Enrollment Management Plan, the Basic Skills Plan, and other plans that the College develops.

➢ These plans and additional program/unit level inputs result in **Program Review**. Program Review includes a thorough analysis of each administrative, instructional and student services program and function, as well as programmatic planning at the program/unit level. Program Review contains **Action Plans** that are tied to the College’s Strategic Plan. Program Review also identifies ongoing and one-time resource needs for the program/unit.

➢ Progress on program/unit Action Plans are reported in an **Annual Unit Plan**. Annual Unit Plans also serve to refine ongoing and one-time resource allocation needs in light of changes in internal and external circumstances.

➢ The College **Resource Allocation Process** allocates human, budgetary and physical resources to programs/units based on program/unit resource needs identified in Program Review and validated in the Annual Unit Plan, guided by the College Strategic Plan and prioritized through shared governance.

➢ Program/Unit Action Plans lead to **Program/Unit Outcomes**. Programs/Units perform **Outcomes Assessment** and **Reflection** as to their effectiveness and adjustments and **Refinements** are made.

➢ A bi-annual **Process Assessment** is made by the College Council, the main shared governance body at the College, through its main subcommittees: Budget, Planning, Student Success and Operations, and **Refinements** to key processes may be recommended. The College Council also assesses the College’s annual progress on its strategic directions and reports the progress to the college community.
➢ Through the Outcomes and Process Assessment procedures, the College may **Refine** its Strategic Plan, thus keeping the document flexible and capable of responding to changing internal and external circumstances, keeping the fulfillment of its Mission as its primary focus.

As the loop closes, the College uses its experience, internal and external data, and the needs of its students and community to periodically revisit its **Mission and Core Values**.
IV. Framing the Context

A. Who are we?
Located in San Pablo, California, Contra Costa College (CCC) is a comprehensive community college that primarily serves the residents of West Contra Costa County. Originally named Contra Costa Junior College, West Campus, it opened its doors in 1949 at the old Kaiser Shipyards in Point Richmond. In 1956, the College moved to its present location, with construction continuing throughout the 1960s. By 1966, CCC had ten permanent buildings in addition to 15 temporary structures. Additional facilities were added in 1976, 1980 and 1982. Middle College High School joined the CCC campus in 1987, and the campus continued to serve its students and community well throughout the 1990s. Gateway to College, an alternative high school, joined the College community in 2011. The 21st century has seen a new wave of campus modernization that will culminate in fall 2016 with the opening of the new Classroom Building, the Student Activities Building and the Fireside Building.

Contra Costa College remains fully committed to supporting West Contra Costa County residents in their quest for education and advancement. In keeping with its mission statement, CCC provides an open door to the following populations seeking:
- university preparation classes;
- retraining classes for employment or career advancement;
- first-time adult educational opportunities;
- enrichment classes;
- career technical training to enter the technical and paraprofessional workforce;
- basic skills education; and
- English as a second language education.

B. Who is our community?
The population of Contra Costa County has been growing steadily over the past 100 years. The number of county residents increased from fewer than 20,000 persons in 1900 to more than one million in 2011. Demographers project a relatively slower rate of growth in the county’s population in the next 25 years, particularly in West Contra Costa County.

Age
West Contra Costa County has a relatively smaller school-age group (26.3 percent) and a larger percentage of working-age (18-64) adults (61.9 percent) compared with other parts of Contra Costa County. Over the long term, this indicates a population that will be aging. Aging communities require a high level of healthcare, adult learning activities and other social services. The types of educational programs offered by Contra Costa College must continue to reflect
the demographic makeup of the population. Following is the relative size of these groups in West Contra Costa County’s population in 2011:

- the school-age group (under 19), 26.3 percent;
- the college-age group (20-24), 6.2 percent;
- the young adults group (25-44), 28.4 percent;
- the older adults group (45-64), 27.2 percent; and
- the elderly group (65 and older), 11.8 percent.

![Age Distribution by County Region 2011](image)

**Race/Ethnicity**

West Contra Costa County has a higher percentage of Hispanic (31.2 percent) and African American (17.7 percent) residents and a lower percentage of White Non-Hispanic (27.5 percent) residents than other parts of Contra Costa County.

- White Non-Hispanic: 27.5 percent
- African American Non-Hispanic: 17.7 percent
- Asian/Pacific Islanders Non-Hispanic: 19.3 percent
- Hispanics of any race: 31.2 percent
- American Indians: 0.3 percent
- Two or more races and other races: 3.6 percent

![Race/Ethnicity Distribution by County Region, 2011](image)
**Place of Birth**
Most of West Contra Costa County’s foreign-born residents come from Latin America (49.5 percent) or Asia (42.3 percent).

The implications for Contra Costa College are that programs in English as a Second Language (ESL) may be expanded, bilingual student services should become more accessible, and the College should make serious efforts to integrate multicultural perspectives in the curriculum. Enhancing faculty and staff diversity is also an important factor to be considered in the hiring process. Contra Costa College must develop strategies for preparing students and workers who are more competent both culturally and globally.

![Region of Foreign-Born by County Area, 2011](source: CCCCD Planning and Research)

![School Enrollment by County Region, 2011](source: CCCCD Research and Planning)
Educational Attainment
Educational attainment is one of the most important indicators of lifetime economic environment and greater educational opportunities for the children. Following is a comparison between West Contra Costa County and Contra Costa County.

- **High school or less**: 39.6 percent for West County vs. 30.2 percent for Contra Costa County
- **Associate degree or some college**: 29.4 percent for West County vs. 30.9 percent for Contra Costa County
- **Bachelor’s degree**: 20.1 percent for West County vs. 24.8 percent for Contra Costa County
- **Graduate or professional degrees**: 10.9 percent for West County vs. 14.1 percent for Contra Costa County

The distribution of educational attainment in West Contra Costa County will impact the College’s strategic directions. While Contra Costa College has a comprehensive mission to prepare students for transfer, to train them for different occupations, to meet their aspiration for lifelong learning, and to address their remedial educational needs, the educational attainment of the residents of West Contra Costa County provides the mandate to place emphasis on certain aspects of the mission more than on other aspects of the mission.

*Educational Attainment by County Region, 2011*
*Source: CCCCD Research and Planning*
High School Graduates
West Contra Costa County, compared to Central and East Contra Costa County, experienced the least growth in the number of public high school graduates in the past ten years. The number of graduates increased from 1,764 in 2000-01 to 1,863 in 2010-11, a slower-than-average growth of only 5.6 percent. Based on population changes, slow growth rates are expected in the next few years.
Academic Performance Index, 2012

The Academic Performance Index (API) is an indicator of preparation for postsecondary education. The API provides scores based on the results of the California Standardized Testing and Reporting (STAR) program in secondary schools. The API is a rating from 200 to 1,000, and it represents how well a school performed on the spring testing. Examination of the relationship between API and college success rates for the fall terms immediately following high school graduation indicates a high level of correlation. On average, graduates from high schools with a higher API had higher college course success rates compared to their counterparts from schools with lower API scores.

- All seven Primary Public Feeder High Schools to Contra Costa College had API scores below the target, ranging from a high of 770 at John Swett High to a low of 544 at Kennedy High.
- The average API score for schools in West County stood at 662, compared to 714 for East County schools and 835 for Central County schools.

2012 Academic Performance Index (API) of Primary Public Feeder High Schools to Contra Costa Community College District

C. Who are our students?

Student Demographics by Age Group Fall 2013
Three age groups share generally the same percentage of the total student population. The largest is the 20 to 24 age group (32 percent), followed by the 25 to 49 age group (31 percent) and the under-20 age group (31 percent).

![Age Group Pie Chart]

Student Demographics by Age Group Fall 2013
Source: CCCCD Research and Planning

Student Demographics by Race/Ethnicity Fall 2013
Hispanics represent the largest group by race/ethnicity (36 percent). African-American students comprise the next largest group (24 percent).

![Race/Ethnicity Pie Chart]

E. How are our students doing?

Student Outcomes and Achievement
The majority of CCC students declare that their goal is to obtain a degree or to transfer. The data show that 56 percent of students declare they intend to transfer either with or without a degree. An additional 14 percent of students declare their goal is career development, which includes all certificates and degrees.

![Educational Goal chart]

Student Educational Goals fall 2013.
Source: CCCCD Research and Planning

Since 2007-08, Contra Costa College has increased its total degree awards, particularly AA/AS degrees, from 321 AA/AS degrees awarded in 2007-08 to 476 AA/AS degrees awarded in 2012-13. The total number of AA/AS degrees awarded peaked in 2011-12 with 603 AA/AS degrees awarded.

![Awards by Type chart]

Awards by Type over a 6-year period.
Source: CCCCD Research and Planning
Awards by Age Group
The highest percentage of increase in AA/AS degrees from 2007-08 to 2011-12 was in the 20-24 age group (55.2 percent) and the 50+ age group (57 percent). The under-20 age group (42.7 percent) and the 25-49 age group (38.5 percent) also showed significant increases up until 2011-12 with all groups declining in 2012-13.

Awards by Race/Ethnicity
As with the general awards trend, awards by race/ethnicity peaked in fall 2011 and declined in fall 2012, except among those students who identified as “Other/Unknown.” Awards to students identifying as Asian began to decline one year earlier, in fall 2010.

While all groups increased the number of total awards from 2007-08 to 2011-12, the greatest gains were made by Hispanic students (50 percent). This trend was particularly evident in the number of AA/AS degrees awarded to Hispanic students, which increased by 63.9 percent over the same time period.
Awards by Gender
Awards by gender have followed the general awards trend with females generally achieving twice the number of awards as males. From 2007-08 to the peak of 2011-12, AA/AS awards to females increased from 209 to 402, or 48 percent, while AA/AS awards to males increased from 101 to 188, or 45.7 percent.

Overall Student Success
The overall course success rate (as defined by “C” or better) for face-to-face classes declined marginally from fall 2010 to fall 2013. Course success rates for Hybrid 0-50 percent classes increased from fall 2010 to fall 2013. Course success rates for Hybrid 51-99 percent classes increased marginally from fall 2008 to fall 2013. There is insufficient data to determine trends for 100 percent online classes.
### Course Success Rates by Age Group

Success rates for all age groups declined marginally (2-3 percent) from fall 2008 to fall 2013, with the exception of the 50+ age group which declined by 9 percent. The 25-49 age group currently shows the highest success rate at 70 percent.

![Course success rates by Age Group over a 5-year period. Source: CCCCD Research and Planning](image)

### Course Success Rates by Race/Ethnicity

Course success rates for all ethnic groups declined marginally (average of 3 percent) from fall 2008 to fall 2013. The largest decline was among African-American students and Other/Unknown (5 percent). The lowest success rates were among African-American (57 percent) and Hispanic (66 percent) students. The highest success rates were among Asian and White students (75 percent).

![Course success rates by Race/Ethnicity over a 5-year period. Source: CCCCD Research and Planning](image)
Course Success Rates by Gender
The overall success rates of both males and females have decreased from fall 2008 (males 68 percent, females 71 percent) to fall 2013 (males 64 percent, females 69 percent). The gap between the overall success rates of males and females has widened from a three-point gap in fall 2008 to a five-point gap in fall 2013.

Assessment and Placement
Between summer 2013 and spring 2014, 72.3 percent of new high school graduates entering Contra Costa College assessed into basic skills level English, and 83.7 percent of new high school graduates entering the College assessed into basic skills level math. This was a decline from the previous cohort-year, where 74.4 percent of new high school graduates entering CCC assessed into basic skills level English (-2.1 percent) and 97.2 percent of new high school graduates entering the College assessed at basic skills level math (-13.5 percent).

In fall 2013, 49.2 percent of other-fall 2013 new students entering CCC (i.e., other than new high school graduates) assessed into basic skills level English, and 61.6 percent assessed into basic skills level math. This was an increase from the fall 2012 new student cohort, of which 46.5 percent assessed into basic skills level English (-2.7 percent) and an decline from 68.5 percent for other fall 2012 new students assessed at basic skills level Math (-6.9 percent).

V. Core Beliefs

A. Vision
Contra Costa College strives to be a premier college that celebrates innovation, collegiality and diversity, and is committed to transforming students’ lives.

B. Mission
Contra Costa College is a public community college serving the diverse communities of West Contra Costa County and all others seeking a quality education, since 1949. The College equitably commits its resources using inclusive and integrated decision-making processes to foster a transformational educational experience and responsive student services that ensure institutional excellence and effective student learning.

C. Values
Contra Costa College’s commitment to its mission derives strength and guidance from institutional values. As a community of educators, we value:

- COMMITMENT to helping students learn and to improving the economic and social vitality of communities through education;
- RESPONSIVENESS to the varied and changing learning needs of those we serve;
- DIVERSITY of opinions, ideas and peoples;
- FREEDOM to pursue and fulfill educational goals in an environment that is safe and respectful for all students, all faculty, all classified staff, and all managers alike; and
- INTEGRITY in all facets of our college interactions and operations.
VI. College Strategic Directions 2015-2020

Framework to Achieve College Strategic Directions

In the section below, each of the College’s four strategic directions for 2015-2020 are described in detail, including a summary of methods and action steps related to that goal; specific objectives whose attainment will advance the College toward achieving that goal; and suggestions for measuring progress towards the strategic directions over the next five years. While the measures listed are not requirements and progress can be assessed in other ways, it is imperative that some measures are assessed on an annual basis in order to ensure forward movement informed by regular reflection.

A. Strategic Direction 1: Equitably Improve Student Access, Learning and Success

Create opportunities for thoughtful reflection that use quantitative and qualitative data to improve student outcomes.

Objectives

1.1 Improve the steps for the completion of certificates, degrees and for transfer readiness to increase the number of student earning certificates and/or degrees and who are transfer ready.
1.2 Expand the definition of student success to include outcomes for career/skills development and the needs of lifelong learners.
1.3 Improve orientation and advisement practices.
1.4 Use multiple measures of assessment to improve student placement.
1.5 Improve the effectiveness of campuswide instructional support.
1.6 Increase and promote equitable access and success for all students.
1.7 Increase student learning and success by setting institutional standards and goals for achievement.

Suggested Progress Measures

- Review on an annual basis student performance in the areas included in the Student Success Scorecard as compared to the 2015 baseline.
• Identify ways that instructional and student support areas have engaged with student success data and best practices to develop, implement, evaluate and refine activities that boost student performance.
• Determine whether communication structures have been created that enable administrators, faculty and/or staff in instructional and student support areas to regularly share and leverage effective practices.

B. **Strategic Direction 2: Strengthen Community Relationships and Partnerships**

Build pipelines that guide and prepare both K-12 students and the adult population for success in higher education and employment.

**Objectives**

2.1 Develop a strong and positive image of Contra Costa College in the community.
2.2 Create clear pathways to gainful employment.
2.3 Increase the number of students who enter college prepared to enroll in college-level courses.
2.4 Increase equitable access to the College.

**Suggested Progress Measures**

• Review on an annual basis and compare to the 2015 baseline:
  o the number of student enrolling in the College from local high schools and the success of those students once enrolled;
  o the number of students transferring to four-year institutions and the success of those students once transferred; and
  o the number of students receiving a CTE certificate and the success of those students in the labor market.
• Determine whether the College has engaged with local K-12 institutions to:
  o address high school students’ awareness of and interest in college;
  o ensure that high school faculty understand the skills and knowledge their students will need to succeed in college; and/or
  o facilitate articulation from high school to college.
• Determine whether the College has engaged the community to address awareness of and interest in college.
• Assess the depth and quality of engagement of industry in Career/Technical Education (CTE) programs, such as industry advisory boards, and provide regular, meaningful input into curriculum, assessments of regional labor market needs, and internship and work-based learning opportunities for students.

C. **Strategic Direction 3: Promote Innovation, Create a Culture of Continuous Improvement and Enhance Institutional Effectiveness**

Provide opportunities to enhance institutional effectiveness and opportunities for employees at all levels to continually gain new skills and knowledge, seek out
effective practices, and share ideas with one another in order to continually enhance learning and improve student success.

Objectives
3.1 Improve professional development practices.
3.2 Improve cultural and global competence among students and employees.
3.3 Improve the evaluation of planning, budgetary and operational processes and use the results to improve the overall quality of the institution as a whole.
3.4 Utilize institutional standards for student learning and achievement to enhance continual institutional effectiveness.
3.5 Improve the College’s communications and marketing efforts.

Suggested Progress Measures
- Assess the use of professional development among administrators, faculty and staff, including its quality and quantity; whether new skills and knowledge are shared across departments and divisions; and/or the ways in which professional development has led to the introduction of best practices and improved student outcomes.
- Identify in what ways administrators, faculty, and staff within and across departments and divisions have come together to review relevant research and data, to reflect on progress toward strategic directions, and to make course corrections as needed to ensure institutional effectiveness and learning of the highest quality.
- Determine what activities have been employed to ensure employees have skills and knowledge to serve the needs of diverse students and implement practices that create equitable outcomes.

D. Strategic Direction 4: Utilize Resources Effectively to Support Student Learning and Success
Make informed decisions to effectively utilize the College’s human, physical, financial, organizational and technological resources to better serve its students and community.

Objectives
4.1 Provide state-of-the-art technology that is sustainable and supports student success.
4.2 Improve and enhance the physical plant.
4.3 Improve and enhance resource sustainability and fiscal responsibility.
4.4 Improve organizational effectiveness.

Suggested Progress Measures
- On an annual basis, assess the alignment of technology and College needs within and across departments and divisions as compared to the 2015 baseline.
• On an annual basis, assess improvements in efficiency by reviewing costs within and across departments and divisions as compared to the 2015 baseline.
• Identify practices and procedures that promote sustainability in all areas of the College.
• Identify new revenue sources as compared to the 2015 baseline.
VII. Next Steps and the Implementation of the Strategic Plan

Strategic planning at Contra Costa College is a dynamic, collaborative, data-driven, goal-oriented and engaging process that comprises the shared vision for the direction of the College. It is a process that ensures long-term success and effectiveness.

Short-term steps
- Establish appropriate data for the measurement of the progress for each strategy.
- Establish action items for each strategy.
- Establish a steward for each strategy to guide and report annually on the progress towards each Strategic Direction.
- Establish an annual reporting process for the comprehensive sharing of the College’s progress on its strategic directions.

Long-Term steps
- Establish the process for a bi-annual review, evaluation and refinement of the Strategic Plan.
- Align the College’s Program Review, Resource Allocation Process, and other operational processes with the College Strategic Plan.
VIII. Appendices

Appendix A
What did students say in the survey?

When surveyed in fall 2012, students at Contra Costa College indicated they were very satisfied with their overall academic experience, the faculty, the overall quality of instruction and the quality of the academic programs at CCC.

1. Overall, how satisfied are you with your academic experience at Contra Costa College?

| 2 | 6 - Strongly disagree | 5 | 4.95% | 4 | 2.25% | -2.70% | 101 |
| 1 | 7 - Don't know | 0 | 0.00% | 1 | 0.56% | 0.56% | 101 |
Employees at Contra Costa College had concerns about considering the needs of students when decisions are made to add or delete programs or courses, whether there are sufficient knowledgeable staff to provide effective student services, whether the College provides sufficient staff development opportunities to attend training at professional conferences, whether the College adequately supports opportunities to increase effectiveness at their position, and whether the number of faculty and staff to support programs was sufficient. They also had concerns about the amount of parking on campus.
Q17. The college adequately supports opportunities to increase effectiveness in my position.

Appendix C
What did the College community say about their awareness of the College mission and its governance?

In a spring 2014 survey, the college community indicated awareness of the College’s mission and purpose and of faculty and management’s role in governance, budgeting and policy making.
The College community was less aware of the role other constituencies play.
The College community had concerns about the effectiveness and efficiency of administrative leadership and whether it supports faculty, staff, and students to define goals, develop plans and priorities for the institution, and whether it utilizes effective and timely methods of communication.
The College community was relatively unaware of the Integrated Planning Model and its uses or of the role of the College Council in College governance.
Appendix D
What did the College community say about the effectiveness of the College mission and its governance?

In a spring 2014 survey, the College community indicated they were knowledgeable as to their rights and responsibilities under shared governance, agreed that the mission, vision and values statements accurately reflect the shared views of the College, and that their constituency played an effective role in governing, planning, budgeting and policy making.
Classified staff had concerns about whether the administration has established and utilizes methods of communication to exchange information in a timely and efficient manner.
Appendix E
What insights did the College obtain by hosting strategic planning forums?

The Contra Costa College Planning Committee hosted a number of forums, both on and off campus. These forums focused on the challenges and opportunities facing the College with the intention of incorporating many of the ideas from the forums into the College’s Strategic Plan. Below are samples of the input provided through the various forums, presented verbatim except to correct spelling errors.

On March 19, 2015, a forum was hosted with the Associated Student Union. After a briefing on the background and purpose of the College’s strategic planning efforts, the students discussed a number of ideas and voted to support particular ideas. Below are some of the ideas, sorted from the most popular to the least popular.

- Graduating students attend college orientations and have one-on-one questioning with new students who are unfamiliar with the college setting.
- Review departments’ budgets and expenditures, and cut unnecessary spending.
- Have a group discussion on campus, open to students and staff, and discuss social issues in the community and how we can support each other with different struggles.
- Make more courses available; increase the number of professors for some subjects. Give all students equal access to classes and registration.
- More tutors that help, and ask students if they need help instead of waiting to be asked.
- The College should develop more internships and partnerships with other colleges/companies to help students branch out.
- More workshops that show students the REAL benefits of getting an education and working hard. More competitions on campus that are publically announced and held department-wise.
- Be more active in the community and make students want to attend CCC. Target our feeder schools. Let students know what CCC could offer them.
- Provide more opportunities for students to participate in “state of nation” competition in terms of education to let students understand or learn cultural diversity.
- Find other ways to measure student success, other than test scores.

On Friday, March 20, 2015 a strategic planning forum was conducted with the Student Services Division. Members of the division were asked to develop ideas under each of the four College strategic directions and then, with five stickers each to cast as votes, validate the most important ideas. Below are some of the ideas, sorted from the most popular to the least popular.
• **Promote innovation, create a culture of continuous improvement and enhance institutional effectiveness**
  o A more user-friendly and easily navigated CCC Website, user-friendly technology, easy one-click options.
  o Cross training student services departments.
  o Go back to WebAdvisor for inputting Ed Plan.

• **Effectively optimize resources to support student learning and success**
  o Collaborative planning and sharing of resources.
  o Buy what we need, use what we have.
  o Innovative uses for technology/easy interface.

• **Strengthen community relationships and partnerships**
  o Offer college classes at local high schools and community centers.
  o Local businesses offer internships with students.
  o Career Day.

• **Equitably improve student access, learning and success**
  o Develop student retention team.
  o Early alert for students.
  o Priority registration promotion. Contact students who registered and did not apply.
  o Occasional email alerts that tell students how close they are to their educational goal (maybe 50 percent and up), for example: “Congratulations, you have completed 75 percent of the requirements for an AA in Liberal Studies.”

On Monday, March 23, 2015, members of the College Planning Team attended a meeting of the West Contra Costa Unified School District (WCCUSD) Youth Commission to solicit input for the College’s strategic directions. This group had student representation from each high school in the District. The group was presented with the following two strategic questions for discussion.

1. CCC wants every student in West County to attend college. How can we make this a reality?
2. What strategies do you think are most important to support student learning?

The discussion was very freewheeling and provided valuable student-centered insight from the perspective of a student transferring from high school. Among the suggestions for services and support that Contra Costa College could provide to incoming high school students were the following:

- early access to college counselors;
- information session in high school early on so students will learn both about the value of higher education and all that CCC has to offer;
- opportunities for one-on-one conversations/engagements with college faculty/staff;
• financial aid information sessions and workshops at the high schools;
• guidance on what to do after students get to college – essentially guidance on how to “stay” in college;
• College preparation information and guidance at the high schools;
• assessment testing preparation and pre-tests;
• treat recent high school graduates as adults but recognize the need of considerable support and “other mothering;”
• educate on not only degree and transfer programs but also CTE; and
• students like dual enrollment opportunities.

On Friday, March 27, 2015, the College hosted a community forum, involving many of the College’s community partners. Below are some of their ideas, sorted by ideas that resonated with the group the most to those that resonated the least.

• Offer at least one CCC class at each high school each term.
• As students, enroll they are assigned an adult mentor to assist them through the first year in all phases of their education.
• Alignment of CCC to WCCUSD Pathways, i.e., public law and culinary arts.
• Bringing community college courses to the specific high schools in West County.
• Create new programs that can build on their job skills. More short-term certificates.
• Elimination or modification of assessments. College assessments Algebra 2 exempt out/E.
• Expand middle college pathways: nursing, English, culinary arts, IT, VAPA.
• Facilitate access to counseling, mentoring and tutoring.
• Provide studying/learning opportunities off-campus and in community centers and high schools.
• Waive all fees of high school students matriculating to college, especially undocumented.
• Assigned mentor – each student has an assigned student/faculty or staff mentor.
• Academic standing – improve retention. Earlier interventions for students on academic and progress probation. Example, block at level 1 (require online video), level 2 group probation workshops.
• Alignment of WCCUSD adult education define roles use the AB B6 template.
• Clear pathways for students starting in junior high schools.
• Concurrent remediation options. More systemic alignment between WCCUSD Math and English programs and support services with CCC Math and English departments.
• Develop "major sheets" which define clear program course requirements at a glance.
• Increase dual credit opportunities.
• Increase number of laboratory rooms for hands-on student learning. Ask for money from District. Contextualization of core courses.
• Increase outreach regarding financial resources to the population, both at an
earlier age to high school students, and to adult population.
• Learning communities (cohort model like Puente) bridge and year-long.
• Market certificate programs that are short term and that produce good paying jobs.
• Non-cumbersome entry/matriculation process. More technological access: apps
and touch screen kiosks.
• Outreach to the high schools is paramount. Suggest that CCC host a series of
visitation days, when students can come to the College. Follow up with a
barbeque.
• Persistence to degree/certificate. Create student cohort learning experiences to
grow connectedness and integration to college experience.
• Promotion and outreach – CCC should inform and educate its service area and
beyond about its classes/course offerings. CCC should highlight its
achievements to attract students.
• Provide intervention that effectively prepares students for college-level courses,
specifically reading, writing and math.
• Provide resources for new students to understand college life-transition to
college.
• Required learning community for all "unprepared" first-time students and
elective participation for prepared students.
• Short, intense employment-drive programs.
• Streamline and simplify enrollment process.

On Wednesday, April 15, 2015, the College interim president met with the local
Chamber of Commerce. The group felt the current mission resonated well with them,
but wanted the College to include a statement noting the College was established in
1949 in order to show that CCC is a long-standing institution. Input from the group
indicated the College should:
• focus more effort on building connections to the City of Richmond;
• place an emphasis on building a college-going culture in the community;
• focus the scholarship opportunities to those coming into CCC, rather than those
transferring out of CCC and going to a 4-year school or college;
• be in the front of conversations with city managers and other community
leaders; and
• make itself more known and available to undocumented students.
Appendix F

What ideas did the Student Success and Support Program (SSSP) plan and the Student Equity Plan provide that would be useful for the College’s strategic planning?

In fall 2014 the College completed both its Student Success and Support Plan (SSSP) and its Student Equity Plan in compliance with recent legislation and Title V regulations. These plans were very useful to the Planning Committee in its development of the College’s strategic directions. Below is a sampling of the recommendations in the plans.

• From the Student Success and Support Plan (SSSP):
  • offer workshops focused on comprehensive educational plan;
  • develop a plan to provide consistent e-counseling services;
  • develop and implement a comprehensive early alert system; and
  • develop the appeals process to address students on academic/progress probation.

• From the Student Equity Plan:
  • provide enrollment and assessment services at community locations;
  • connect pathways to employers;
  • market pathways to high school staff, students, families and the community;
  • align professional development;
  • redesign assessment process;
  • evaluate, implement and assess a comprehensive early alert system;
  • develop pathways maps to articulate options for students;
  • pilot programs in math and English to use high school grades and other standardized high school tests for placement in college classes; and
  • enhance campus-wide instructional support.
Appendix G
The Contra Costa College Educational Master Plan, 2007-2017

The College Educational Master Plan, completed in May 2007, outlined the mission, goals, strengths, challenges, faculty/staff development needs, curriculum needs, physical resource needs and support service needs of each program/unit on campus. The plan was a comprehensive document that outlined the operational and facilities needs of programs and services projected over a ten-year period and was used as a guide for the development of the ten-year Facilities Master Plan. The source of its information was primarily Program Review, done on either a two-year or four-year cycle by every program/unit on campus. The Planning Committee did a thorough review of the Educational Master Plan, and, in light of subsequent Program Reviews and all other input sources, endeavored whenever possible to align the proposed Strategic Plan to the goals and aspirations of the Educational Master Plan.
Appendix H
College Strategic Directions 2015-2020
Equity and Access, Engagement and Achievement, Excellence and Accountability

On the following pages are charts of the College’s strategic directions detailing each overall Strategic Direction, its alignment with the District’s Strategic Direction, the Strategic Objectives associated with each Strategic Direction and the specific strategies intended to accomplish each objective.
### Strategic Direction 1: Equitably Improve Student Access, Learning and Success

<table>
<thead>
<tr>
<th>OBJECTIVE</th>
<th>STRATEGY</th>
</tr>
</thead>
<tbody>
<tr>
<td>Create opportunities for thoughtful reflection that use quantitative and qualitative data to improve student outcomes.</td>
<td>A. Improve educational pathways, including distance education, to articulate options for students.</td>
</tr>
<tr>
<td>Aligns with District Strategic Goal #1: Enhance Student Learning and Success.</td>
<td>B. Improve strategies for students to complete an Educational Plan.</td>
</tr>
<tr>
<td>Improve the steps for the completion of certificates, degrees and for transfer readiness to increase the number of student earning certificates, and/or degrees and who are transfer ready.</td>
<td>C. Develop statewide Associate Degrees for Transfer (ADT’s) for which local degrees exist.</td>
</tr>
<tr>
<td></td>
<td>D. Reevaluate local degree requirements.</td>
</tr>
<tr>
<td></td>
<td>E. Explore the feasibility of a English for Career Technical Education (CTE) and a math for CTE course that meets the prerequisites for transfer.</td>
</tr>
<tr>
<td></td>
<td>F. Develop Per Ankh, Learning Communities, and Linked Learning to increase the number of students earning degrees and certificates, and the number of students who are transfer ready.</td>
</tr>
<tr>
<td>Expand the definition of student success to include outcomes for career/skills development and the needs of life-long learners.</td>
<td>A. Improve strategies that allow students to explore career options.</td>
</tr>
<tr>
<td></td>
<td>B. Develop measures of success appropriate for students seeking career/skills development and for life-long learners.</td>
</tr>
<tr>
<td></td>
<td>C. Explore new educational pathways.</td>
</tr>
<tr>
<td>Improve orientation and advisement practices.</td>
<td>A. Improve one-on-one and drop-in counseling.</td>
</tr>
<tr>
<td></td>
<td>B. Develop consistent e-counseling services.</td>
</tr>
<tr>
<td></td>
<td>C. Improve student readiness for online education.</td>
</tr>
<tr>
<td></td>
<td>D. Develop a comprehensive early alert system.</td>
</tr>
<tr>
<td></td>
<td>E. Increase the effectiveness of college orientation, First Year Experience and the use of mentors.</td>
</tr>
<tr>
<td>Use multiple measures of assessment to improve student placement.</td>
<td>A. Develop alternate placement strategies for CTE programs.</td>
</tr>
<tr>
<td></td>
<td>B. Develop pilot programs in math and English to use high school grades and other standardized evaluations for placement in college level classes.</td>
</tr>
<tr>
<td>Improve the effectiveness of campuswide instructional support.</td>
<td>A. Increase group and online tutoring options and improve tutor training.</td>
</tr>
<tr>
<td></td>
<td>B. Improve connections, collaboration, and alignment between instruction and student services.</td>
</tr>
<tr>
<td></td>
<td>C. Improve online library reference options.</td>
</tr>
<tr>
<td>Increase and promote equitable access and success for all students.</td>
<td>A. Improve awareness of all Contra Costa College services that impact student equity, access and success.</td>
</tr>
<tr>
<td></td>
<td>B. Develop strategies to identify and improve equity gaps in student success among all demographic and socio-economic groups.</td>
</tr>
<tr>
<td>Increase student learning and success by setting institutional standards and goals for achievement.</td>
<td>A. Identify and implement interventions to increase course success rates, course retention rates and the number of student completing certificates, degrees and who are transfer ready by .5% annually and by 2.5% over five years and report the progress to the college community.</td>
</tr>
</tbody>
</table>
### Strategic Direction 2: Strengthen Community Relationships and Partnerships

<table>
<thead>
<tr>
<th>OBJECTIVE</th>
<th>STRATEGY</th>
</tr>
</thead>
</table>
| Build pipelines that guide and prepare both K-12 students and the adult population for success in higher education and employment. **Aligns with District Strategic Goal #2: Strengthen Current and Create New Partnerships** | A. Promote Contra Costa College as the “first choice” for learning, training, partnerships, opportunities and enrichment in West Contra Costa County.  
B. Expand partnerships with local community organizations and businesses.  
C. Increase programs and partnerships with the West Contra Costa County Unified School District, including K-12 and adult education.  
D. Maximize the accessibility and effectiveness of the college’s online presence. |
| **2.1 Develop a strong and positive image of Contra Costa College in the community.** | A. Connect Career Technical Education (CTE) programs with local high school academy advisory boards.  
B. Improve strategies to create career job and placement services. |
| **2.2 Create clear pathways to gainful employment.** | A. Offer college preparatory classes as concurrent enrollment or dual enrollment for high school students.  
B. Develop bridge programs that leads into career pathways.  
C. Enhance the communication between high school and college faculty.  
D. Market educational pathways to high school staff, students, families, and to the community.  
E. Create articulation agreements with local high schools. |
| **2.3 Increase the number of students who enter college prepared to enroll in college-level classes.** | A. Provide orientation, assessment and enrollment at community locations.  
B. Develop pilot programs in math and English to use high school grades and other standardized evaluations for placement in college level classes.  
C. Evaluate, identify and eliminate barriers to student matriculation, through an equity lens. |
| **2.4 Increase equitable access to the College.** | **Page 50 – CCC Strategic Plan 2015-2020**
Strategic Direction 3: Promote Innovation, Create a Culture of Continuous Improvement and Enhance Institutional Effectiveness

<table>
<thead>
<tr>
<th>OBJECTIVE</th>
<th>STRATEGY</th>
</tr>
</thead>
</table>
| Provide opportunities to enhance institutional effectiveness, for employees at all levels to continually gain new skills and knowledge, seek out effective practices, and share ideas with one another in order to continually enhance learning and improve student success. | A. Align professional development with the college Strategic Directions.  
B. Improve the effectiveness of the college professional development opportunities.  
C. Explore and institutionalize innovative practices.  
D. Improve training for faculty who are developing and teaching distance education courses. |

Aligns with District Strategic Goal #3: Create a Culture of Continuous Improvement and Tangible Success.

X. Non-Discrimination Policy

The District is committed to equal opportunity in educational programs, employment, and campus life. The District does not discriminate on the basis of age, ancestry, color, disability, gender, marital status, national origin, parental status, race, religion, sexual orientation, or veteran status in any access to and treatment in College programs, activities, and application for employment.
