#### **19. Additional Instructions and Data Definitions:**

For the purposes of the Annual Report, Job Placement Rate is defined as the percentage of students who are employed in the year following completion of a CTE (career-technical education) certificate or degree program. (This means that the denominator for the 2019-20 job placement rate will be the number of students who completed the program in 2018-19.) Report only those programs with a minimum of 10 students in the completion year. For example, if a program had 9 students complete in 2018-19, you do not need to report a job placement rate for 2019-20. Report only those programs for which reliable data are available. If your institution has defined its job placement rate differently than what is described above, you may complete this question using your local definition provided that you describe this definition in Question 20.

14. Cei	tificates
In our (Floor	ACCJC 2020 report, last year, we set the following Stretch Goal and Institution Set Standar Goal):
Stretch	Goal was set at 191 - a 20% increase from Floor Goal, in line with Vision for Success Goal
Floor G	oal was set at the 2016-2017 value (159)
headco	dition of CCCCO Approved Certificates with 16 or more units and the shift from using ount to the number of certificates this year, substantially increased our outcome values. The ve set will therefore need to be adjusted to be on the same scale as the new measure.

Planning Committee will adjust the Stretch Goal and the Institution Set Standard during the Fall 2021 semester.

17. Transfer
In our ACCJC 2020 report, last year, we set the following Stretch Goal and Institution Set Standard (Floor):
Stretch Goal was set at 118 - a 35% increase from Floor Goal, in line with Vision for Success Goals.
Floor Goal was set at the 2016-2017 value (88).
The shift from using the number of transfer degrees, which only includes degrees to the CSUs, to the number of transfers, which includes transfer to UCs, CSUs, private in state and out of state colleges, substantially increased our outcome values. The goals we set will therefore need to be adjusted to be on the same scale as the new measure. Planning Committee will adjust the Stretch Goal and the Institution Set Standard during the Fall 2021 semester.

The college does not have a mechanism for tracking employment outcomes for any educational programs. The above data come from the CTE Core Indicator reports generated by the Chancellor's Office. The Job Placement Rates reflect the college's performance related to the "CTE Cohort" for each program. *Not Available means that there were less than 10 students in the cohort. As a result of this small sample size, employment outcomes could not be disclosed for privacy reasons.

The data included in this report are certified as a complete and accurate representation of the reporting institution.
